## **ADDITIONAL INFO ABOUT THE CORDUROY ENDURO WEEKEND**

### **Guest Speaker Jeff Smith**

2-time World Motorcross and 1974 Corduroy Enduro Champion Jeff Smith will be entertaining us at this year's Saturday night dinner. In addition to being a world class motocross, trials and endure rider, Jeff was instrumental in the success of Bombardier's Can-Am motorcycles during the seventies and eighties.

### **Two Days in September - The Movie**

A feature length documentary film about the Corduroy Enduro, past and present will be on sale. We will have excerpts from the film plus all the footage that hit the cutting room floor will play all weekend at the Enduro start/finish area.

### **Spectator Location**

*Directions to the best spots on Saturday and Sunday to check out the Enduro racing action will be available at the Gooderham Community Center.*

### **Trials Demos**

It is amazing to see what these riders can do with a motorcycle.

### **Vintage**

There will be a Vintage Bike Show & Shine. Awards will be presented at Saturday's dinner. Bikes must be on display Saturday afternoon at the start/finish area. There are no fees to enter.

### **Machine Racing Tire Change Contest**

*There will be a tire change contest on Saturday sponsored by Machine Racing. A set of tires will be awarded to the fastest Pro rider and the fastest Amateur rider. Enduro riders have to be able to keep their bikes running under tough conditions and that includes fixing flat tires on the trail without special tools or assistance. For entertainment and bragging rights riders will show off how fast they can get the job done.*

### **Accommodations**

Free camping is permitted at Gooderham Community Center. Anyone wishing to camp over can put their gear in the GP Bikes Chase Truck and it will be brought to Gooderham and taken back to GP Bikes the next day on Sunday.

### **Meals**

Any riders wishing to stay for Saturday night dinner or Sunday breakfast can purchase these meals separately. Proceeds from all the meals go to the Gooderham Ladies Auxiliary and the Gooderham Volunteer Fire Dept.
